# JACK & THOMAS INTERNATIONAL

Zinc

Aluminium

Builders Hardware and Malleable Ironmongery

**Product Catalogue** 

## Introduction...

The company's reputation has been built upon quality, competitive pricing and by using well equipped modern machineries and plants with highly skilled technical stall, thus ensuring matchless products for prestigious buyers.

Our research and development wing is so efficient that any such products could easily be developed in shortest possible time as this is a basic requirement at the moment in this fast-changing world, for facing competition with other manufacturers.

We work closely with our clients on bespoke projects around the world.

The company is based in Aligarh (INDIA) the city renowned for producing the above products in the world recognized our products quality.

The Main Destinations of our Export sales are U.S.A., U.K., Canada, Europe, South Africa and Australia.

## Our varied range of products in Brass Aluminum, Iron and Zinc is suitable for homes, commercial buildings, hotels etc.

By keeping in view of the present trend and tastes, these are from hot forging processes in brass and wrought Iron and newly developed products range of stainless steel builder's hardware.

Jack & Thomas believe in honesty and fair dealings and commitments. These qualities help us in business promotion day by day.
